

RECOVERING OUR LOST LEGACY

The Principle of Opportunity

Session 7 – 7/21/05

Average. Whoever aspired to be average? There is nothing in average to stimulate the imagination. We live in the midst of a flock that is pushing for the top . . . but, the top of what? Everyone has heard about the man “who climbed to the top of the

ladder of success only to find it against the wrong wall,” but no one is moving the ladder! Is it enough to be outstanding in business and average in life? What really counts?
